NIHONSHU BY THE BOTTLE
日本酒 ボトル

Nihonshu is brewed by polishing rice to remove the outer layer of bran before the fermentation. What remains is the starch core of the rice onto which water, yeast & koji are added. “Junmai” means “Pure Rice”, so when Nihonshu is referred to as Junmai, there are only these four ingredients. However, without the word Junmai, there is the addition of distilled alcohol, which lightens texture & enhances aromatic lift.

Fruity, floral with complex aromas & flavors, it is a premium nihonshu which is
